

# One Simple Snowflake

Just one simple snowflake  
Is one of a kind  
Its beauty and loveliness  
Can catch your eye.

A little snowflake floats softly  
Down from the sky  
It floats so softly  
As time passes by.

One simple snowflake  
Can catch your eye  
But one can never  
Be the same as they fall by.

One simple snowflake  
Can make you laugh  
But when you stick out your tongue  
It's gone in a flash.

One by one  
Snowflakes fall to the ground  
Now one simple snowflake  
Can't be found.

focuses on the purpose of capturing a moment in an experience with a snowflake

employs a rhythm and language choice that contributes to the mood set and image created

effective use of line breaks and white space

use of repeating lines/phrases maintains unity between stanzas

the expression of each sequential observation of the snowflake helps achieve coherence between stanzas
